Please join Impact DuPage for our 2023 Learning Collaborative Series

These virtual sessions will be a chance to learn about Impact DuPage website resources, build collaborative spaces, and brainstorm together with other local government and non-profit agencies. Each session will be a mix of lecture and open dialogue. Please register for each session individually.

| **How to Find Grants and Position Your Organization to be a Competitive Applicant**  
Discuss local grant opportunities from hospitals, foundations, and the state of Illinois and brainstorm ways to maximize your organization’s competitiveness in applying for grant funding. | **Introduction to Impact DuPage and Finding Data**  
How do I find the data I need on the Impact DuPage website?  
- Locating information by zip code, census tract, or by topic  
- Types of data available and examples on how data points have been used  
- Using the various indices and Healthy People 2030 Tracker  
- Session will include 30 minutes of time for a Q and A period with Impact DuPage staff |
| **Writing a project workplan using SMARTIE (Specific, Measurable, Achievable, Relevant, Timebound, Inclusive, Equitable) Goals**  
- Review examples of SMARTIE goals using data found on Impact DuPage  
- Practice writing goals for a grant proposal or project plan using SMARTIE objectives | **Adolescent Health Data**  
Learn about data specific to the adolescent population and discuss ways to address teen health. |
| **Evidence-Based Strategies**  
We know that there are issues we’d like to address in our community, but where do we start?  
Learn about resources for finding strategies that have worked in our community and across the country. | **Substance Use and Mental Health Data**  
Understand mental health and substance use data and hear some examples of how different organizations in the county are addressing these issues. |
| **Access To Care and Health Equity**  
Explore data available broken down by different populations, ages, race/ethnicity, etc. Learn how the Health Equity and Access Response Team (HEART) partners are addressing health care issues in DuPage County. | **Impact DuPage Action Plan Update**  
Learn more about how Impact DuPage is addressing our priority areas including Substance Use and Mental Health and the Prevention and Management of Serious Illness. |

**Questions or suggestions on topics to cover?**
