Impact DuPage is a multisector partnership working to create a shared understanding of community needs, priorities, and disparities, then using that knowledge to propel actions that improve the well-being of the DuPage County community.

**What We Do Now**
- Centralized location for data and resources
- Broad, multi-sectoral action on issues impacting DuPage County residents
- A coordinated system of community needs assessments
- Share successes to promote a culture of collaboration

**Future Impact**
- A greater, collective impact on the well-being of our community
- A common understanding of community needs, gaps, and priorities
- Alignment/better use of resources
- Data-driven solutions

**How to Become Involved**
- Help create a common understanding
  - Use the website to access data, action plans, and other resources.
  - Contribute content if you see something missing.
  - Host a mini-dashboard. A mini-dashboard is a widget that is embedded on a website, allowing organizations to display data related to its mission and furthering collective impact by driving visitors to one central location for data.

- Request a presentation
- Sign up for the newsletter at [www.impactdupage.org](http://www.impactdupage.org)
- Join a coalition through Impact DuPage to participate in work on priorities

Well-being begins where we live, learn, work and play. Opportunities for well-being start at home, in our neighborhoods and work places. All people—regardless of background, education or money—should have the chance to make choices that lead to a long and healthy life.

— Robert Wood Johnson Foundation
## Impact DuPage is Working to Make a Collective Impact

<table>
<thead>
<tr>
<th>Priority Area</th>
<th>Action Plan Partners</th>
<th>What are we working to achieve?</th>
<th>How will we do it?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prevention and Management of Serious Illness</td>
<td>DuPage Health Coalition</td>
<td>Build an equitable, person-centered healthcare system that is efficient and effective, creates meaningful access to care for all and demonstrably improves health status by: • Increase ability to address social determinants of health/drivers of health. • Raise awareness of equity issues, chronic disease, and serious illness. • Improve access to chronic disease screenings and management/improving access to primary care.</td>
<td>• Launch survey to health and hospital systems to understand who they are screening for drivers of health/social determinants of health. • Host or support others in HEART in holding 3 community forums or other community events in relationship with those experiencing inequities. • Hold 3 focus groups to seek community feedback about areas of opportunity and need; engage partners and their networks to invite feedback and participation in future coalition activities. • Host 3 “Take Charge of Your Diabetes” classes. Sessions will be offered in English and in Spanish.</td>
</tr>
<tr>
<td>Mental Health and Substance Use</td>
<td>Behavioral Health Collaborative</td>
<td>Strengthen prevention and treatment of behavioral health issues for residents of DuPage County by: • Reducing access to drugs. • Reducing opioid overdose deaths. • Increase overdose response. • Preventing and reducing youth substance use. • Strengthening the availability of youth mental health services. • Improve the coordination of co-occuring mental health and substance use disorder treatment. • Raise community awareness of available options for mental health crisis response.</td>
<td>• Reduce drug access and misuse through drug takeback programs and safe prescribing training. • Train first responders and bystanders to identify signs of opioid overdose and use naloxone to reverse the overdose. • Expand access to medication-assisted treatment for opioid use disorder. • Mass media campaigns about risks of alcohol and prescription drug misuse by teens.</td>
</tr>
